

## LG Professionals Australia Privacy Policy

LG Professionals Australia acknowledges and respects the privacy of individuals.

Some of the information you provide to LG Professionals Australia is “personal information,” as defined in the *Privacy Act 1988* (the “Act”). This information is being collected for the purpose of: processing your application for a National Council Package; processing your registration to an event or program; keeping you informed of upcoming events and programs; marketing the services of LG Professionals Australia to you; and enhancing and developing LG Professionals Australia’s relationship with you. The provision of the information is voluntary but if this information is not provided, LG Professionals Australia may be unable to provide these services to you.

A privacy statement is included on the registration form for each LG Professionals Australia event and program where applicable, advising that, at the commencement of each event, LG Professionals Australia will distribute to each registered attendee a list detailing the name of each person who registers to attend the event or program and the council or organisation they represent (if applicable). This list, together with the email address of every registered attendee, is also made available to corporate partners so that they can conduct research and market their services to you. Each registration form provides the opportunity for you to opt out of:

- having your information distributed amongst delegates and partners;
- having your information added to LG Professionals Australia’s database and mailing list; and
- having your photographic image used to further promote and advertise events offered by LG Professionals Australia.
